

Join us on Friday, Jan. 21, 2022 at 9 AM

Hold a banner, bring a noisemaker to CELEBRATE the 1st anniversary of the Treaty on the Prohibition of Nuclear Weapons at Livermore Lab where U.S. nuclear weapons are designed

**NUCLEAR WEAPONS
ARE ILLEGAL**

THE TREATY ON THE PROHIBITION OF NUCLEAR WEAPONS

bans the development, testing, production, manufacture, acquisition, possession or stockpiling, transfer, control or receipt, use or threat to use, stationing or deployment of nuclear weapons.

WHAT: The UN Treaty on the Prohibition of Nuclear Weapons entered into force and became part of international law on January 22, 2021. Groups in more than 100 U.S. cities - and around the world - banded together on that date to welcome the Treaty. On this, its first anniversary, we will build on that positive momentum.

WHERE: Gather in the public area at the Livermore Lab West Gate, located at the corner of Vasco Road and West Gate Drive in Livermore. Public parking is available on the other side of Vasco Road, turn onto Daphne Drive.

WHEN: Our celebration will take place on Friday, January 21, 2022 from **9 am to 10 am**, so that workers routinely entering the Lab can see our many 8-foot banners.

WHY: We will call on the U.S. to join the TPNW. Our presence will educate workers and the public alike and contribute to the Treaty's power to change global norms.

PROGRAM: We will have multiple TPNW banners. Additional abolition banners welcome. We will also have a banner with the TPNW text and conduct a short reading of select sections. We will name countries that have ratified the TPNW. Bring hand-held celebratory noisemakers like bells, rattles, etc. We will have extras. Bring a camera. We will post to social media etc.

COVID SAFETY: Please wear a mask and maintain distancing. 8-foot banners will facilitate that.
