

# Join us on Fri., Jan. 20, 2023 at 9 am

Hold a banner and join a public reading to celebrate the 2nd anniversary of the Treaty on the Prohibition of Nuclear Weapons at Livermore Lab where warheads are created

**WHAT:** The UN Treaty on the Prohibition of Nuclear Weapons entered into force on January 22, 2021. Each year we publicly mark this “*Baniversary*” to educate the public about the Treaty and elevate its norm-changing power to abolish nuclear weapons globally.

**WHERE:** Gather in the public area at the Livermore Lab West Gate at the corner of Vasco Road and West Gate Drive in Livermore. Parking is available off Vasco Road by turning west onto Daphne Drive.

**WHEN:** Our celebration will take place **Friday, January 20, 2023 from 9 am to 10 am**, so that *workers* entering the Lab can see our many 8-foot banners.

**WHY:** We will call on the U.S. to join the TPNW. Our presence will educate Lab workers and the public alike, and will contribute to the genuine security of a world without nuclear weapons.

**PROGRAM:** We will have multiple TPNW banners. More nuclear abolition banners welcome. We will call out each of the 68 countries that have ratified the TPNW. Bring hand-held noisemakers like bells, rattles, etc. if you have them. Bring a camera and take pics to post.

**COVID SAFETY:** Please wear a mask and maintain distancing. 8-foot banners will facilitate that.
